

# LORENZ scholarship for financially disadvantaged students of the MDRA programm!

The **LORENZ Life Sciences Group** offers a scholarship to support students enrolled in the postgraduate Master's programme Drug Regulatory Affairs (MDRA) who meet all admission requirements, demonstrate high motivation and competence, but are unable to finance the tuition fees on their own.

The MDRA programme is aimed at university graduates who have at least one year of relevant professional experience and would like to gain further scientific qualifications for the demanding work in regulatory affairs departments and their associated areas.

## Application Process:

Only applicants who do **not receive any other form of study funding** are eligible to apply for the scholarship. The application deadline for the **LORENZ Scholarship** for the programme starting in September 2025 is **June 18, 2025**.

Please submit the following documents per E-Mail to [wwitzel@lorenz.de](mailto:wwitzel@lorenz.de) or [lorenz@dgra.de](mailto:lorenz@dgra.de):

- a detailed motivation letter (maximum three pages)
- any additional supporting documents (e.g. certificates, continuing education records, references)
- proof of financial need, which may include a written self-declaration

You will receive an email confirming receipt of your application.

The **LORENZ Life Sciences Group** will inform you by the **end of June 2025** whether a scholarship will be awarded.

## Scope of Funding:

The LORENZ Scholarship covers **100% of the tuition fees** (currently €9,900).

For the 2025/2026 academic year, the **LORENZ Life Sciences Group** will award **two full scholarships** (€9,900 each).

## What the LORENZ Life Sciences Group expects from its scholarship recipients:

Students are expected to complete the program within the standard period of study as defined in § 4 of the Examination Regulations.
